NAVEEN P

About Me

Motivated and dedicated Java developer with a strong foundation in programming principles. Skilled in Java and SQL Passionate about creating efficient and reliable applications. Strong problem-solving and teamwork abilities. Eager to contribute to software development projects.

Projects

Final year Project - Multiple disease Prediction
January 2024 - April 2024

- Multiple disease prediction using machine learning is an innovative approach to healthcare that aims to use machine learning algorithms to accurately predict the likelihood of multiple diseases in a patient based on their medical history and other relevant factors. The goal of this approach is to enable earlier diagnosis, better treatment, and improved patient outcomes.
- Technology: Python, Streamlit
- Tools: Anaconda with Spyder notebook, Google Colab

ATM Mini Project
May 2024 - June 2024

- Developed an ATM mini project that includes functionalities for balance enquiry to check account balance, deposit to add funds to the account, withdraw to remove funds from the account, and mini statement to retrieve a short transaction history.
- Technology: Java
- Tools: Eclipse
- Database Connectivity: JDBC

Tic Tac Toe Game
May 2024 - June 2024

- Developed a Tic Tac Toe game using Java. Implemented game logic for two players, enabling them to play in a grid-based interface. The game includes features such as detecting win conditions, checking for draws, handling already occupied places, and preventing unexpected moves.
- Technology: Java
- Tools: VS code

Educational Background

SRM UNIVERSITY Kattankulathur, Chennai - 2024
MCA (Computer Applications) CGPA : 8.81

C.ABDUL HAKEEM COLLEGE Melvisharam, Vellore - 2021
Bachelor of Science Computer Science CGPA : 7.6

Skills

Technical Skills
- JAVA
- SQL
- HTML
- CSS

Tools/Sofware
- Anaconda with Spyder notebook, Google Colab
- Visual Studio
- Eclipse

Languages
- Tamil (First Language)
- English C1 Advanced (C1)

Certification
- TCS ION Career Edge-Young Professional June 2024
- Java(Basic) | HackerRank March 2024
- Data Analytics Process Automation | AICTE, supported by - alteryx sparked November 2023
- Web Developer | Technohacks, internPE October 2023
